

The diagram illustrates a water supply system for a building. The main horizontal supply line is labeled DN 40x5.5. The system includes the following fixtures and their specifications:

- Sink 1: Q = 0.5, DN 20x2.8
- Sink 2: Q = 0.5, DN 20x2.8
- Shower: Q = 0.5, DN 20x2.8
- Toilet 1: Q = 0.5, DN 20x2.8
- Toilet 2: Q = 0.5, DN 20x2.8
- Shower: Q = 0.5, DN 20x2.8
- Shower: Q = 0.5, DN 20x2.8
- Bathtub: Q = 0.5, DN 20x2.8

The system also shows a return line and a pressure gauge. The diagram is a technical drawing with color-coded lines (blue for supply, red for return) and standard engineering symbols for fixtures and valves.
